Hello All &
Welcome to 2011!

We have some exciting things going on in this Issue. For starters we have a beautiful young lady, Imani, as our first Kitten On The Walk.

We introduce plenty of new Models. We also bring to you Katwalk Dining. We created this for those who love to eat, and want to try new things on a budget. We have some great new businesses advertising with us.

Later this year we are taking the 1st Annual Katwalk Kruise. This year we are going to the Western Caribbean to Grand Cayman Island and Cozumel, Mexico. Also this Spring I release, *The Katagious Life*, My Inspirational Life Journey.

We also opened our headquarters located right outside of Atlanta in Jonesboro.

Time to take this movement to new heights.

Remember...This World Is YOUR Stage!

Crystal Chiles

Crystal started in the Industry as a child. She modeled for local shows and at school. She fell in love with the spotlight. She graduated from Barbizon Modeling School in Illinois and has been loving Modeling ever since. She has been dancing all of her life to basically any song but from when she can remember the first music she ever heard was Chicago's Juke House Music. When booking Crystal for a job you get overwhelmed with her personality and how the camera and her become one. Crystal defines success as "Figuring out what you want out of life, doing things that can make you work towards your goal and no matter what sticking to it through the negative and positive. You only get one life so why not work hard to get what you want. Nobody else can do it for you. My saying is I rather live for something, than die for nothing."

When asked what the future holds Crystal says, "I plan to walk on the runway of Victoria's Secret and be on the Cover of Seventeen Magazine. Also in the future I plan to organize a fashion show to raise money for Breast Cancer Civtims; I believe it is up to us to women to stick together and be there for one another." Crystal views the status of the Modeling & Entertainment Industries as very entertaining and fashionable. She loves the fact that its not all about being thin...She is glad to see plus size models getting their shine on. "God made us unique in our own way so who are we to judge if someone is fit or not."

The artists she likes to listen to are Trey Songz, Keri Hilson, Rihanna, Drake, and her favorite Beyoncé, R. Kelly, Kanye, Rick Ross, Boosie and Julius "JL" Lett.

Her style is classy, sophisticated, and she has expensive taste. She likes the best. You will never catch Crystal with too much makeup on. She feels natural beauty is best. The one thing she must have in Her purse or wallet is lip gloss-gotta keep her lips glossy! The most adventurous thing Crystal has ever done is Bungee Jump. Her favorite designer is GUCCI.

She says her First Love is "My Daddy." Her first passion was dancing. Her first big purchase was her car. Crystal's first mentor was her Mom.

Crystal's last words are "LIVE, LAUGH, LOVE!"

IMANI MARTIN

Gracing the Cover and centerfold is the very First Kitten On The Walk, Imani Martin. This beautiful, hardworking nine year old Model comes to us from North Carolina. Imani makes Katwalk Planet history not just as the first Model under 18, but she is the first Model to grace the cover of our 2011 Publications.

One day Imani just knew she wanted to Model. Imani considers herself to be a High Fashion Model. If Imani had to choose between playing sports, hanging out with her friends or modeling she says with no question, Modeling. The things Imani has in her Model Bag are: water, pictures, heels, make-up, lip gloss, one piece bathing suit, notepad, comb, lotion, mints and a pen to write with. Imani sees herself in New York and Paris Modeling within the next five years.

When asking Imani's Mother, Yolanda, about her take on Imani Modeling she says she has people around telling her to dream big for Imani and to work hard. When it comes to Photographer's Yolanda researches them by looking at their work and talking to people about them. Yolanda also says the family would move to another location to support Imani's Modeling Career.

The advice Yolanda has for new Photographer's starting in the Modeling Industry on dealing with child Models is to be patient because at times they do get nervous.

Some important things Yolanda feels new Model Moms must know are: Believe in your child, Do not push too hard, Research all Photographers, Speak-up, Remind your child that you have their back.

We played a word game with Imani and the underlined words are the items she prefers.

Imani says her most exciting experience in the Modeling Industry is this one, being the first child model in Katwalk Planet. She also says that if she could give some advice to Models that are around her age the advice would be "It's a lot of hard work and if you want it you have to work for it."
